

Primate Society Winter Meeting 2007

PSGB: Celebrating 40 Years of British Primatology

Meeting Rooms of the Zoological Society of London, Regent's Park, London NW1 4RY.

Organised by:

Charlie Lockwood (c.lockwood@ucl.ac.uk); Caroline Ross (c.ross@roehampton.ac.uk); Andrew Smith (a.smith@anglia.ac.uk)

Monday 17 December 2007

10:00 Registration and coffee

10:45 Bob Martin *Evolution of primate reproduction - The key issue of placentation*

11:15 Ann MacLarnon *Primate life history adaptations – combining laboratory and field approaches*

11:45 Phyllis Lee *Primate parenting and development: mothers, infants and others....*

12:15 **Founder Member Address** Robert Hinde *Non-human primates and human behaviour*

12:45 AGM

13:15 lunch

14:15 Bernard Wood *Palaeoanthropology: Then and now*

14:45 Corrie Waitt *The evolution of the face as a mechanism for mate choice: evidence from rhesus macaques.*

15:15 Klaus Zuberbühler *The primate roots of human language*

15:45 Tea

16:15 Bill Sellers *Primate Locomotion: The Hows and Whys of Strepsirhine Leaping*

16:45 Paul Honess *A Reassessment of Galago Diversity: Fieldguide Practicality vs Laboratory Analyses.*

17:15 Hannah Buchanan-Smith *Applying science to improving captive primate welfare*

17:45 Hilary Box *The Primate Society of Great Britain – Supporting and developing primatology*

Napier Award Presented by Hilary Box

18:15 End

Tuesday 18 December

9:30 Russell Hill *Predation and primate behaviour*

10:00 David Chivers *From Forests to Fragments in Forty Years around the Far East*

10:30 **Conservation medal lecture** Cyril Rosen *Psimian Psychology*

11:00 Coffee

11:30 Robin Dunbar *Half a century of primate social evolution*

12:00 Barry Keverne *Primate brain evolution and consequences for behaviour*

12:30 lunch

14:00 Simon Bearder *The special senses of nocturnal primates: social complexity with smaller brains.*

14:30 Robert Barton *Brain size and development in primates*

15:00 Chris Pryce *Parental nurturing of offspring development: how and why early experience regulates brain and behaviour*

15:30 Tea

16:00 Colleen Schaffner *Living with fission-fusion dynamics: Implications for social relationships in wild spider monkeys*

16:30 Andrew Whiten *Primate Culture: From the Field to Diffusion Experiments and Back Again*

17:00 End
